

DO YOU COMPLY WITH BUILDING FIRE SAFETY LAWS?

Occupiers of all buildings
in Queensland must comply
with the Building Fire Safety
Regulations (BFSR) 2008

FRFTO
combines
online training
&
record-keeping
in one place

Training is not nationally accredited but fully
complies with BFSR 2008 requirements.

\$39
per person*
plus GST

Save Money

EXPERIENCE

is your guarantee of quality

This program has been developed by Steve Ward in conjunction with online training specialists MICOMM.

For over 30 years, Steve and MICOMM have delivered training resources to government, commercial and industrial clients throughout Australia.

MICOMM has developed training solutions and provided communication support to government, private enterprise and major corporations for over 30 years.

We developed our first online training program more than 25 years ago, and have been at the forefront of technological advancements ever since.

MICOMM has now combined resources with Steve to offer a comprehensive online Fire Safety package including support products to ensure compliance of all businesses regardless of location and size.

Steve Ward

- Director of Ace Safety Training Service and Fire 8 Queensland (Specialists in fire, first aid, rescue and safety consultancy, equipment supply, maintenance and training).

- Fire Safety Adviser - Conducting audits, advising clients on procedures and tasks to ensure compliance.
- Experienced Occupational Health and Safety professional. 30 years in the coal mining industry as a senior health and safety officer in charge of mine emergency response capabilities including fire protection systems.
- Member of the Queensland Open Cut Mines Rescue Technical Committee for 24 years and past chairman for 10 years. Steve has captained, managed and trained mine fire/ rescue teams to successes in state, interstate and world competitions.
